CHRISTMAS

"Wanted—A printer." This sign adorns the State penitentiary of Ohio. Thereby hangs a tale. For many years past the Ohio penitentiary News was issued regularly from the State prison of the Buckeye Commonwealth. But now that publication is no more. The reason is that there are no printers confined in that institution and in consequence the prison journal, after a life of usefulness, though in a field unfortunate and lowly, has closed its final form and rests in the great newspaper graveyard. No man is there to edit, or write copy, or set type. The newspaper men are on the outside.—Lexington Gazette.

Poultry and Eggs.

This is the month to clean up your poultry shipments as prices are usually high during the month. If you hold any turkeys back for Washington's birthday marked let them be young hen turkeys, dry pick and ship chickens and fowls especially old fat hens, they will do well this month. Live chickens will do well too. I advise heavy shipments of fresh eggs also. I am now getting liberal shipments from your section which are in most instances arriving in good condition and selling at top prices. All poultry markets have been in a fluctuating condition since Christmas owing to the unusual warm weather but we certainly look for colder weather and better general conditions this month. Let your shipments of eggs and live and dressed poultry come. All business entrusted to me will have my personal attention, all inquiries promptly answered. Remember my references previously given.

Yours to serve.

PAINTE ECONOMY

It is poor economy to use poor paints on your building, and you can't afford to do it—especially when you consider that the labor is the most costly part of painting. If you paint, this spring, use **Buffalo A. L. O. Paints**, and feel satisfied that you have the **Best**.

Buffalo Paints look best, protect and preserve your property longest, because they contain the best and most lasting pigments **OXIDE OF ZINC** and **WHITE LEAD**, ground in **Aged Linseed Oil** in correct proportion, making a **Perfect Paint**. Before you decide on the kind of paint to use, you ought to know about **Buffalo Paints**. Send for our 1907 Color Charts and valuable Paint Information.

A few doses of this remedy will invariably cure an ordinary attack of diarrhoea.

It can always be depended upon, even in the more severe attacks of cramp colic and cholera morbus.

When reduced with water and sweetened it is pleasant to take.

**Attack of Diarrhoea Cured by One Dose of
Chamberlain's Colic, Cholera and Diar-
rhoea Remedy.**

I was so weak from an attack of
diarrhoea that I could scarcely at-
tend to my duties, when I took a
dose of Chamberlain's Colic, Chol-
era and Diarrhoea Remedy. It
cured me entirely and I had been
taking other medicine for nine
days without relief. I heartily re-
commend this remedy as being the
best to my knowledge for bowel
complaints.—R. G. Stewart, of the

Andy Price for Congress.

The Fayette Sun is boosting the Hon. Andrew L'rice, of this county, for the Democratic nomination for Congress. We dislike to butt in on other people's affairs, for we have enough to do to attend our own. Andy would make a good congressman and we should like very much to see him get the nomination, as it would bring Marlinton into the limelight, but with Joe Gaines as his opponent it would be rather an empty honor.
